PRESIDENTS' MESSAGE

As 2013 comes to a close, we can reflect on another good year for our chapter and the Appraisal Institute as a whole. The Candidate Advisory program has been a huge success. The goal of 2,800 candidates for designation was shattered with over 4,800 making the commitment. Our chapter accounted for 32 of these individuals. Thank you to all the volunteer Advisors who help this campaign advance. Even more astounding was the eight members of our chapter who earned their designations this year. These new designees have made an indelible advancement to their careers as the result of their conscientious efforts and the highest level of ethical commitment in our industry. The duties and obligations of AI membership reward members with rights and privileges acknowledged by users of our services around the world. None of which is greater than the unspoken camaraderie shared between our members. As I turn the gavel over to our 2014 President Rocco Quaresima, MAI, I'd like to personally thank the many members that have helped me achieve my designation through mentoring, education and encouragement and who have supported me during my time as Chapter President. May 2014 bring much success to our members in hopes that it will result in valuable time with family and friends for all.
